

FOR I KNOW THAT MY  
*Redeemer Lives*  
JOB 19:25

We all need a booster shot of Easter about now. It's time to rise from the darkness of covid 19 pandemic. Enough quarantine in the grave. Rise up my little ones and come to your Easter glory. I'm sure it's the first for all of us to face a yearlong pandemic. However, Easter is the perfect time to celebrate a bit of the resurrection to taste what is to come for all who one day will sleep in Christ.

I sure got a lot of reflection and praying done while on my quarantine but indeed during the entire last year. Thank God for Zoom and Teams meetings to stay safely in touch with others and keep our parish open at least half of the year. Thank God for the vaccines that came at the right time to help resurrect us back into community life. But please continue to use safe practices while in public and community events.

Remember to celebrate your faith above all that says loudly, Jesus Christ is risen from the dead to die no more! One of the greatest ways for a Catholic Christian to celebrate this faith and give thanks is participation in the Holy Mass. We have been able and faithful to have the Sunday masses open with safe practices. Please find you way to come and celebrate with your fellow parishioners the goodness and greatness of God's love for each of us.

Praise God that we can see light from the grave of this pandemic. Hear the earth cracking to reveal new life with fresh spring flowers longing to burst open with God's Glory and Heavenly scent. Smell them all this Easter. The world deserves it. This is God's greatest gift to us with the rising of His Son, Jesus Christ.

**We are pleased to announce that Fr. Alphonz Skerl will be our guest for Holy Week.  
We will have Holy Week services and Easter Mass in Hungarian.**
